LEARNQUEST AI

Indian School & Competitive Exam Syllabus Compendium

Classes 1–12 • National and state boards • Entrance and recruitment examinations

Catalog edition: 2026–27 Prepared: 27 October 2026

One reference PDF for planning LearnQuest AI. This compendium combines the grade-wise school topic map, board directory, streams and subject choices, competitive-exam domain maps, official source links, and implementation notes from the LearnQuest AI master catalog.

Important scope note

This is a detailed syllabus catalog and topic map, not a verbatim reproduction of every chapter of every board and every exam. Exact chapter titles, exclusions, subject codes, practicals, paper patterns, and assessment rules vary by board, class, language, subject, and year. Official source links are included so the exact current syllabus can be checked and imported before publishing lessons or mock tests.

How to use it

- Start with the class-wise map for broad learning areas and skill outcomes.
- Choose a separate board track and academic year; do not transfer chapter IDs between boards.
- For entrance exams, select the exact paper and subject before creating practice activities.
- Use the official-source links to verify and import the latest syllabus PDF / notification.
- Store the source URL, year, version, and verification date with every curriculum record.

Contents

7. Official curriculum and syllabus resources . . . 45

8. Recommended data structure for LearnQuest AI . . . 48

Recommended hierarchy . . . 48
Quality checklist before publishing a syllabus . . . 48

1. Scope, coverage and accuracy

This PDF consolidates the workbook’s six reference areas into one readable document. The school section contains grade-by-grade subject/topic records across Classes 1–12; the board section separates education authorities and school subject tracks; the competitive section lists exam-specific papers/domains and topic clusters; and the resources section links to official curriculum repositories.

Current-session handling

Treat every syllabus as versioned content. A new academic year or exam notification can change topics, subject codes, eligibility, paper structure, or assessment. Keep older versions for historical mock tests instead of overwriting silently.

Board differences

CBSE, CISCE (ICSE/ISC), NIOS and state/UT boards are separate curriculum tracks. Similar subject names do not guarantee identical chapters, sequence, or depth.

Foundational years

Classes 1–8 may use integrated learning areas and phased textbook updates. Use the current grade-specific textbook/curriculum, not a universal chapter list copied from another school.

Competitive exams

The examination-year notification and official syllabus PDF are the source of truth. Topic clusters below are for routing and planning; they are not a substitute for the official exact unit list.

2. School curriculum topic map: Classes 1–12

Each entry below provides the curriculum track, stage, subject/area, topic clusters, expected skills, an official reference, and an accuracy note. Use this as the structure for LearnQuest lessons and missions; import the exact textbook chapter list for the selected board and session.

Class 1

Mathematics

CBSE/NCERT-aligned starter map | Foundational Stage

Topic clusters / syllabus map
Counting and number recognition; comparing and ordering numbers; grouping; concrete addition/subtraction; shapes and spatial words; sorting and patterns; comparing length, weight and capacity; daily time words/calendar; money awareness; picture-based data.

Skills / learning outcomes
Number sense, verbal reasoning, pattern spotting, everyday problem-solving.

Open official source https://ncert.nic.in/textbook.php

Accuracy note
Topic map, not a substitute for the selected board's year-specific chapter list.

English / Hindi / home language

CBSE/NCERT-aligned starter map | Foundational Stage

Topic clusters / syllabus map
Listening and speaking; phonological awareness; letter-sound links; familiar words; picture reading; rhymes and stories; sequencing events; basic handwriting; vocabulary; simple oral and written sentences.

Skills / learning outcomes
Listening, speaking, early reading, fine-motor writing, comprehension.

Open official source https://ncert.nic.in/textbook.php

Accuracy note
Topic map, not a substitute for the selected board's year-specific chapter list.

The World Around Us (integrated EVS)

CBSE/NCERT-aligned starter map | Foundational Stage

Topic clusters / syllabus map
Self and family; body parts and hygiene; food and healthy habits; clothes and homes; school and neighbourhood; helpers and community; plants and animals; water and weather; transport and safety; seasons; caring for surroundings.

Skills / learning outcomes
Observation, classification, communication, safety and care.

Open official source https://ncert.nic.in/bridge_programme.php

Accuracy note
Topic map, not a substitute for the selected board's year-specific chapter list.

Computational thinking / digital readiness

CBSE 2026-27 enrichment | Foundational Stage

Topic clusters / syllabus map

Sequencing routines; recognizing patterns; giving clear instructions; sorting; simple if/then everyday decisions; safe and supervised technology use where school offers it.

Skills / learning outcomes

Sequencing, decomposition, pattern recognition, digital safety.

Open official source https://dsel.education.gov.in/sites/default/files/update/PIB2247963.pdf

Accuracy note

Enrichment suggestion only for Class 1; the cited CBSE CT & AI launch covers Classes III-VIII, not a universal Class 1 subject.

Art, music, movement and wellbeing

CBSE/NCERT-aligned starter map | Foundational Stage

Topic clusters / syllabus map

Drawing and colour; rhythm and songs; stories and role-play; balance and coordination; movement games; cooperation; emotional expression; basic safety and hygiene.

Skills / learning outcomes

Creativity, coordination, self-expression, collaboration.

Open official source https://ncert.nic.in/focus-group.php?ln=en

Accuracy note

Topic map, not a substitute for the selected board's year-specific chapter list.

Class 2

Mathematics

CBSE/NCERT-aligned starter map | Foundational Stage

Topic clusters / syllabus map

Place value and number ordering; addition and subtraction with regrouping; repeated addition and equal sharing; early multiplication/division ideas; halves and quarters in context; 2D/3D shapes; patterns; measurement; calendar and clock basics; money; pictographs.

Skills / learning outcomes

Fluency, mental maths, estimation, explaining simple strategies.

Open official source https://ncert.nic.in/textbook.php

Accuracy note

Topic map, not a substitute for the selected board's year-specific chapter list.

Languages

CBSE/NCERT-aligned starter map | Foundational Stage

Topic clusters / syllabus map

Fluent oral conversation; phonics and decoding; short paragraphs; familiar stories and poems; vocabulary; sentence building; punctuation; simple descriptions; guided writing; listening comprehension.

Skills / learning outcomes

Reading fluency, retelling, sentence construction, confidence.

Open official source https://ncert.nic.in/textbook.php

Accuracy note

Topic map, not a substitute for the selected board's year-specific chapter list.

The World Around Us (integrated EVS)

CBSE/NCERT-aligned starter map | Foundational Stage

Topic clusters / syllabus map
Needs and habits; food groups; body care; family diversity; homes and neighbourhoods; animals and habitats; plant parts and growth; water uses and conservation; weather and seasons; road safety; occupations and community services.

Skills / learning outcomes
Questioning, observation, comparing, awareness of community/environment.

Open official source https://ncert.nic.in/bridge_programme.php

Accuracy note
Topic map, not a substitute for the selected board's year-specific chapter list.

Computational thinking / digital readiness

School enrichment | Foundational Stage

Topic clusters / syllabus map
Step-by-step instructions; ordering events; simple maze/path tasks; classifying information; visual patterns; device care and safe adult-supervised use where available.

Skills / learning outcomes
Logical sequence, debugging by trying again, digital citizenship.

Open official source https://ncert.nic.in/focus-group.php?ln=en

Accuracy note
Topic map, not a substitute for the selected board's year-specific chapter list.

Art, music, movement and wellbeing

CBSE/NCERT-aligned starter map | Foundational Stage

Topic clusters / syllabus map
Drawing from observation; craft and construction; rhythm; movement patterns; team games; body awareness; empathy; turn-taking and personal safety.

Skills / learning outcomes
Creative confidence, motor coordination, teamwork.

Open official source https://ncert.nic.in/focus-group.php?ln=en

Accuracy note
Topic map, not a substitute for the selected board's year-specific chapter list.

Class 3

Mathematics

CBSE/NCERT-aligned map | Preparatory Stage

Topic clusters / syllabus map
Place value; addition/subtraction; multiplication and division; number patterns; fractions through objects and pictures; measurement and units; time and money; shapes, symmetry and spatial reasoning; simple tables and pictographs.

Skills / learning outcomes
Literacy, numeracy, observation, explanation and applied learning.

Open official source https://ncert.nic.in/textbook.php

Accuracy note
Topic map, not a substitute for the selected board's year-specific chapter list.

English / Hindi / other language

CBSE/NCERT-aligned map | Preparatory Stage

Topic clusters / syllabus map
Reading short connected texts; vocabulary and grammar in context; retelling; poems and dialogue; paragraph writing; spelling; punctuation; listening for details; speaking in complete sentences.

Skills / learning outcomes
Literacy, numeracy, observation, explanation and applied learning.

Open official source https://ncert.nic.in/textbook.php

Accuracy note
Topic map, not a substitute for the selected board's year-specific chapter list.

The World Around Us / EVS

CBSE/NCERT-aligned map | Preparatory Stage

Topic clusters / syllabus map
Family and community; plants and animals; food and nutrition; water and sanitation; shelter and materials; travel and maps; work and occupations; local environment; weather; health and safety.

Skills / learning outcomes
Literacy, numeracy, observation, explanation and applied learning.

Open official source https://ncert.nic.in/textbook.php

Accuracy note
Topic map, not a substitute for the selected board's year-specific chapter list.

Computational thinking & AI (CBSE 2026-27)

CBSE/NCERT-aligned map | Preparatory Stage

Topic clusters / syllabus map
Patterns; step-wise instructions; decomposition; classification; data in simple tables/pictures; human-vs-machine examples; responsible and safe technology use, with grade-level activities.

Skills / learning outcomes
Literacy, numeracy, observation, explanation and applied learning.

Open official source https://dsel.education.gov.in/sites/default/files/update/PIB2247963.pdf

Accuracy note
Topic map, not a substitute for the selected board's year-specific chapter list.

Art, PE and wellbeing

CBSE/NCERT-aligned map | Preparatory Stage

Topic clusters / syllabus map
Visual art and craft; music and rhythm; drama/storytelling; movement skills; team play; fitness habits; relationships, feelings and safety.

Skills / learning outcomes
Literacy, numeracy, observation, explanation and applied learning.

Open official source https://ncert.nic.in/textbook.php

Accuracy note
Topic map, not a substitute for the selected board's year-specific chapter list.

Class 4

Mathematics

CBSE/NCERT-aligned map | Preparatory Stage

Topic clusters / syllabus map
Multi-digit numbers; four operations; factors/multiples foundations; fractions; measurement conversions introduced in context; perimeter/area intuition; angles and polygons; time and money; data tables and bar-like representations.

Skills / learning outcomes
Reasoning, communication, collaboration and transfer to everyday settings.

Open official source https://ncert.nic.in/textbook.php

Accuracy note
Topic map, not a substitute for the selected board's year-specific chapter list.

English / Hindi / other language

CBSE/NCERT-aligned map | Preparatory Stage

Topic clusters / syllabus map
Comprehension and inference; story structure; poems; vocabulary and grammar; paragraph/letter writing; descriptions and summaries; oral presentation; language conventions.

Skills / learning outcomes
Reasoning, communication, collaboration and transfer to everyday settings.

Open official source https://ncert.nic.in/textbook.php

Accuracy note
Topic map, not a substitute for the selected board's year-specific chapter list.

The World Around Us / EVS

CBSE/NCERT-aligned map | Preparatory Stage

Topic clusters / syllabus map
Food chains and living things; human body and health; water sources/cycle and conservation; materials and uses; homes and settlements; transport/communication; maps and directions; environmental changes and community roles.

Skills / learning outcomes
Reasoning, communication, collaboration and transfer to everyday settings.

Open official source https://ncert.nic.in/textbook.php

Accuracy note
Topic map, not a substitute for the selected board's year-specific chapter list.

Computational thinking & AI (CBSE 2026-27)

CBSE/NCERT-aligned map | Preparatory Stage

Topic clusters / syllabus map
Algorithms as ordered instructions; blocks/pseudocode concepts; data grouping; patterns and simple models; identify problems, test a solution and debug; privacy and safe online conduct.

Skills / learning outcomes
Reasoning, communication, collaboration and transfer to everyday settings.

Open official source https://dsel.education.gov.in/sites/default/files/update/PIB2247963.pdf

Accuracy note
Topic map, not a substitute for the selected board's year-specific chapter list.

Art, PE and wellbeing

CBSE/NCERT-aligned map | Preparatory Stage

Topic clusters / syllabus map
Art techniques; craft; rhythm; group performance; coordination and games; basic fitness; collaboration and emotional literacy.

Skills / learning outcomes
Reasoning, communication, collaboration and transfer to everyday settings.

Open official source https://ncert.nic.in/textbook.php

Accuracy note
Topic map, not a substitute for the selected board's year-specific chapter list.

Class 5

Mathematics

CBSE/NCERT-aligned map | Preparatory Stage

Topic clusters / syllabus map
Large numbers and place value; four operations; factors and multiples; fractions and decimals; estimation; measurement; perimeter/area/volume foundations; geometry and symmetry; time and money; tables, graphs and interpreting data.

Skills / learning outcomes
Concept mastery, inquiry, practical reasoning, communication and reflection.

Open official source https://ncert.nic.in/textbook.php

Accuracy note
Topic map, not a substitute for the selected board's year-specific chapter list.

English / Hindi / other language

CBSE/NCERT-aligned map | Preparatory Stage

Topic clusters / syllabus map
Longer comprehension; fiction/nonfiction; vocabulary and word relationships; grammar in use; paragraph and creative writing; letters/messages; summaries; discussion, narration and presentation.

Skills / learning outcomes
Concept mastery, inquiry, practical reasoning, communication and reflection.

Open official source https://ncert.nic.in/textbook.php

Accuracy note
Topic map, not a substitute for the selected board's year-specific chapter list.

The World Around Us / EVS

CBSE/NCERT-aligned map | Preparatory Stage

Topic clusters / syllabus map
Human body and health; ecosystems; plant/animal adaptations; food production and nutrition; water cycle/conservation; materials and changes; energy in daily life; maps and directions; culture, work, travel and civic responsibility.

Skills / learning outcomes
Concept mastery, inquiry, practical reasoning, communication and reflection.

Open official source https://ncert.nic.in/textbook.php

Accuracy note
Topic map, not a substitute for the selected board's year-specific chapter list.

Computational thinking & AI (CBSE 2026-27)

CBSE/NCERT-aligned map | Preparatory Stage

Topic clusters / syllabus map
Problem decomposition; stepwise algorithms; pattern/data classification; basic logic; simple AI examples and limitations; data privacy, bias/fairness at a child-friendly level; project-based creation.

Skills / learning outcomes
Concept mastery, inquiry, practical reasoning, communication and reflection.

Open official source https://dsel.education.gov.in/sites/default/files/update/PIB2247963.pdf

Accuracy note
Topic map, not a substitute for the selected board's year-specific chapter list.

Art, PE and wellbeing

CBSE/NCERT-aligned map | Preparatory Stage

Topic clusters / syllabus map
Design and craft; visual storytelling; music and drama; fitness; movement combinations; games; health and safety; teamwork and self-management.

Skills / learning outcomes
Concept mastery, inquiry, practical reasoning, communication and reflection.

Open official source https://ncert.nic.in/textbook.php

Accuracy note
Topic map, not a substitute for the selected board's year-specific chapter list.

Class 6

Mathematics

CBSE/NCERT-aligned map | Middle Stage

Topic clusters / syllabus map
Whole numbers and integers; factors/multiples; fractions and decimals; ratio/proportion beginnings; basic algebra and patterns; lines, angles and geometric constructions; perimeter/area; data handling; practical measurement.

Skills / learning outcomes
Reasoning, modelling, estimation, multi-step problem-solving.

Open official source https://ncert.nic.in/textbook.php

Accuracy note
Topic map, not a substitute for the selected board's year-specific chapter list.

Languages, art, physical education, vocational learning

CBSE/NCERT-aligned map | Middle Stage

Topic clusters / syllabus map
First/second/third languages based on school; grammar and literature; speaking/listening/writing; visual/performing arts; movement and wellness; work-based and local-context projects.

Skills / learning outcomes
Multilingual expression, creativity, health, teamwork and practical life skills.

Open official source https://cbseacademic.nic.in/curriculum_2027.html

Accuracy note
Topic map, not a substitute for the selected board's year-specific chapter list.

Science

CBSE/NCERT-aligned map | Middle Stage

Topic clusters / syllabus map
Materials and their properties; separation and changes; living organisms and classification; body and health; motion and measurement; light, shadows and mirrors; electricity and magnets; water/air; environment and sustainability.

Skills / learning outcomes
Inquiry, experiments, evidence-based explanation, models and practical applications.

Open official source https://ncert.nic.in/textbook.php

Accuracy note
Topic map, not a substitute for the selected board's year-specific chapter list.

Social Science

CBSE/NCERT-aligned map | Middle Stage

Topic clusters / syllabus map
Earth, globes and maps; landforms and resources; early humans and ancient societies; historical sources; diversity and communities; local government and democratic ideas; needs, work and livelihoods.

Skills / learning outcomes
Chronology, map use, sources, civic understanding, geography and economics.

Open official source https://ncert.nic.in/textbook.php

Accuracy note
Topic map, not a substitute for the selected board's year-specific chapter list.

Computational Thinking / AI / Coding

CBSE 2026-27 / school offering | Middle Stage

Topic clusters / syllabus map
Algorithms and sequencing; coding concepts; digital literacy and online safety; data representation; AI awareness; vocational/design activities and hands-on projects.

Skills / learning outcomes
Decomposition, algorithms, debugging, data literacy, digital safety and responsible design.

Open official source https://dsel.education.gov.in/sites/default/files/update/PIB2247963.pdf

Accuracy note
Topic map, not a substitute for the selected board's year-specific chapter list.

Class 7

Mathematics

CBSE/NCERT-aligned map | Middle Stage

Topic clusters / syllabus map
Integers and rational numbers; fractions/decimals; exponents; algebraic expressions/equations; ratio, proportion and percentages; lines/triangles; congruence; perimeter/area; data handling and probability intuition.

Skills / learning outcomes
Reasoning, modelling, estimation, multi-step problem-solving.

Open official source https://ncert.nic.in/textbook.php

Accuracy note
Topic map, not a substitute for the selected board's year-specific chapter list.

Languages, art, physical education, vocational learning

CBSE/NCERT-aligned map | Middle Stage

Topic clusters / syllabus map
First/second/third languages based on school; grammar and literature; speaking/listening/writing; visual/performing arts; movement and wellness; work-based and local-context projects.

Skills / learning outcomes
Multilingual expression, creativity, health, teamwork and practical life skills.

Open official source https://cbseacademic.nic.in/curriculum_2027.html

Accuracy note
Topic map, not a substitute for the selected board's year-specific chapter list.

Science

CBSE/NCERT-aligned map | Middle Stage

Topic clusters / syllabus map
Nutrition and life processes; heat and temperature; acids/bases and physical/chemical changes; weather, climate and adaptation; soil; respiration and transport in organisms; motion/time; electric current and circuits; light; water and environment.

Skills / learning outcomes
Inquiry, experiments, evidence-based explanation, models and practical applications.

Open official source https://ncert.nic.in/textbook.php

Accuracy note
Topic map, not a substitute for the selected board's year-specific chapter list.

Social Science

CBSE/NCERT-aligned map | Middle Stage

Topic clusters / syllabus map
Medieval/early-modern histories and sources; environment and physical geography; atmosphere/water/life; equality and diversity; state government and media; markets, work and economic life.

Skills / learning outcomes
Chronology, map use, sources, civic understanding, geography and economics.

Open official source https://ncert.nic.in/textbook.php

Accuracy note
Topic map, not a substitute for the selected board's year-specific chapter list.

Computational Thinking / AI / Coding

CBSE 2026-27 / school offering | Middle Stage

Topic clusters / syllabus map
Block/text coding foundations; decomposition and debugging; spreadsheets/data; networks and cyber safety; AI applications and limitations; design-thinking and vocational modules.

Skills / learning outcomes
Decomposition, algorithms, debugging, data literacy, digital safety and responsible design.

Open official source https://dsel.education.gov.in/sites/default/files/update/PIB2247963.pdf

Accuracy note
Topic map, not a substitute for the selected board's year-specific chapter list.

Class 8

Mathematics

CBSE/NCERT-aligned map | Middle Stage

Topic clusters / syllabus map
Rational numbers; squares/cubes and roots; powers; algebraic expressions and equations; percentages/profit-loss/discount; direct/inverse proportion; geometry and constructions; mensuration; data handling and probability.

Skills / learning outcomes
Reasoning, modelling, estimation, multi-step problem-solving.

Open official source https://ncert.nic.in/textbook.php

Accuracy note
Topic map, not a substitute for the selected board's year-specific chapter list.

Languages, art, physical education, vocational learning

CBSE/NCERT-aligned map | Middle Stage

Topic clusters / syllabus map
First/second/third languages based on school; grammar and literature; speaking/listening/writing; visual/performing arts; movement and wellness; work-based and local-context projects.

Skills / learning outcomes
Multilingual expression, creativity, health, teamwork and practical life skills.

Open official source https://cbseacademic.nic.in/curriculum_2027.html

Accuracy note
Topic map, not a substitute for the selected board's year-specific chapter list.

Science

CBSE/NCERT-aligned map | Middle Stage

Topic clusters / syllabus map
Cells and microorganisms; reproduction and adolescence; force/pressure/friction; sound; light; electricity and chemical effects; combustion; metals/non-metals; coal/petroleum; conservation; pollution and ecosystem links.

Skills / learning outcomes
Inquiry, experiments, evidence-based explanation, models and practical applications.

Open official source https://ncert.nic.in/textbook.php

Accuracy note
Topic map, not a substitute for the selected board's year-specific chapter list.

Social Science

CBSE/NCERT-aligned map | Middle Stage

Topic clusters / syllabus map
Colonialism and modern history; constitutional values, parliament and justice; resources/agriculture/industry/human resources; maps and geographical reasoning; social inequality, public facilities and livelihoods.

Skills / learning outcomes
Chronology, map use, sources, civic understanding, geography and economics.

Open official source https://ncert.nic.in/textbook.php

Accuracy note
Topic map, not a substitute for the selected board's year-specific chapter list.

Computational Thinking / AI / Coding

CBSE 2026-27 / school offering | Middle Stage

Topic clusters / syllabus map
Data science / AI / coding foundations according to school offering; problem-solving; algorithms and programming; datasets and visualizations; digital citizenship; cyber hygiene; project and prototype development.

Skills / learning outcomes
Decomposition, algorithms, debugging, data literacy, digital safety and responsible design.

Open official source https://dsel.education.gov.in/sites/default/files/update/PIB2247963.pdf

Accuracy note
Topic map, not a substitute for the selected board's year-specific chapter list.

Class 9

Mathematics

CBSE 2026-27 | Secondary Stage

Topic clusters / syllabus map
Number systems and real numbers; algebraic expressions and equations; polynomials; coordinate geometry; geometry and proof; triangles/circles; trigonometry at the appropriate grade; mensuration; statistics and probability. The unit sequence and included chapters differ by grade and yearly syllabus.

Skills / learning outcomes
Proof, algebraic manipulation, modelling, visual reasoning and problem-solving.

Open official source https://cbseacademic.nic.in/curriculum_2027.html

Accuracy note
Use the Class IX or Class X Mathematics PDF from the 2026-27 CBSE page; do not treat this cluster list as the official chapter list.

Languages (English, Hindi and other offered languages)

CBSE 2026-27 | Secondary Stage

Topic clusters / syllabus map
Reading comprehension and inference; literature/poetry/drama; vocabulary and grammar; writing formats; analytical and creative responses; speaking/listening and communication tasks. Exact books and prescribed texts depend on language/course code.

Skills / learning outcomes
Comprehension, interpretation, writing, oral communication.

Open official source https://cbseacademic.nic.in/curriculum_2027.html

Accuracy note
Select the exact language and course code (e.g., English, Hindi A/B) in the official CBSE curriculum.

Science

CBSE 2026-27 | Secondary Stage

Topic clusters / syllabus map
Matter and its composition; atoms/molecules and chemical change; materials and reactions; living systems and biological processes; heredity/reproduction/ecology at the appropriate grade; motion, force and energy; heat/light/sound/electricity/magnetism; practical/experimental skills.

Skills / learning outcomes
Scientific enquiry, calculation, diagrams, experiments, evidence and explanation.

Open official source https://cbseacademic.nic.in/curriculum_2027.html

Accuracy note
Use the exact class-year Science PDF; class 9/10 syllabus and chapter titles are being revised in line with NCF-SE rollout.

Social Science

CBSE 2026-27 | Secondary Stage

Topic clusters / syllabus map
History and historical sources; geography, environment, resources and maps; political science/civics, institutions and constitutional values; economics, production, livelihood, development and public issues.

Skills / learning outcomes
Source analysis, map interpretation, civic reasoning, evidence-based writing.

Open official source https://cbseacademic.nic.in/curriculum_2027.html

Accuracy note
Use exact current syllabus and prescribed textbooks, because the new secondary-stage framework is being phased in.

Computational Thinking & AI / skill education

CBSE 2026-27 | Secondary Stage

Topic clusters / syllabus map
CT & AI modules and age-appropriate problem solving; data and algorithmic thinking; optional subjects such as Information Technology, Artificial Intelligence, Computer Applications, Elements of Business, Book Keeping, Home Science, Painting, NCC and vocational courses (availability varies).

Skills / learning outcomes
Computational thinking, practical tasks, digital safety and portfolio/project work.

Open official source https://cbseacademic.nic.in/skill-education.html

Accuracy note
Offerings and compulsory status can differ by class/session. Follow the scheme of studies for 2026-27 exactly.

Class 10

Mathematics

CBSE 2026-27 | Secondary Stage

Topic clusters / syllabus map
Number systems and real numbers; algebraic expressions and equations; polynomials; coordinate geometry; geometry and proof; triangles/circles; trigonometry at the appropriate grade; mensuration; statistics and probability. The unit sequence and included chapters differ by grade and yearly syllabus.

Skills / learning outcomes
Proof, algebraic manipulation, modelling, visual reasoning and problem-solving.

Open official source https://cbseacademic.nic.in/curriculum_2027.html

Accuracy note
Use the Class IX or Class X Mathematics PDF from the 2026-27 CBSE page; do not treat this cluster list as the official chapter list.

Languages (English, Hindi and other offered languages)

CBSE 2026-27 | Secondary Stage

Topic clusters / syllabus map
Reading comprehension and inference; literature/poetry/drama; vocabulary and grammar; writing formats; analytical and creative responses; speaking/listening and communication tasks. Exact books and prescribed texts depend on language/course code.

Skills / learning outcomes
Comprehension, interpretation, writing, oral communication.

Open official source https://cbseacademic.nic.in/curriculum_2027.html

Accuracy note
Select the exact language and course code (e.g., English, Hindi A/B) in the official CBSE curriculum.

Science

CBSE 2026-27 | Secondary Stage

Topic clusters / syllabus map

Matter and its composition; atoms/molecules and chemical change; materials and reactions; living systems and biological processes; heredity/reproduction/ecology at the appropriate grade; motion, force and energy; heat/light/sound/electricity/magnetism; practical/experimental skills.

Skills / learning outcomes

Scientific enquiry, calculation, diagrams, experiments, evidence and explanation.

Open official source https://cbseacademic.nic.in/curriculum_2027.html

Accuracy note

Use the exact class-year Science PDF; class 9/10 syllabus and chapter titles are being revised in line with NCF-SE rollout.

Social Science

CBSE 2026-27 | Secondary Stage

Topic clusters / syllabus map

History and historical sources; geography, environment, resources and maps; political science/civics, institutions and constitutional values; economics, production, livelihood, development and public issues.

Skills / learning outcomes

Source analysis, map interpretation, civic reasoning, evidence-based writing.

Open official source https://cbseacademic.nic.in/curriculum_2027.html

Accuracy note

Use exact current syllabus and prescribed textbooks, because the new secondary-stage framework is being phased in.

Computational Thinking & AI / skill education

CBSE 2026-27 | Secondary Stage

Topic clusters / syllabus map

CT & AI modules and age-appropriate problem solving; data and algorithmic thinking; optional subjects such as Information Technology, Artificial Intelligence, Computer Applications, Elements of Business, Book Keeping, Home Science, Painting, NCC and vocational courses (availability varies).

Skills / learning outcomes

Computational thinking, practical tasks, digital safety and portfolio/project work.

Open official source https://cbseacademic.nic.in/skill-education.html

Accuracy note

Offerings and compulsory status can differ by class/session. Follow the scheme of studies for 2026-27 exactly.

Class 11

Mathematics

CBSE 2026-27 | Senior Secondary

Topic clusters / syllabus map

Sets and functions; trigonometric functions; complex numbers and quadratic equations; linear inequalities; permutations and combinations; binomial theorem; sequences and series; straight lines, conic sections and 3D geometry; limits/derivatives; statistics and probability.

Skills / learning outcomes

Subject-specific conceptual understanding, written answers, numericals/case studies/practicals as applicable.

Open official source https://cbseacademic.nic.in/curriculum_2027.html

Accuracy note

Topic cluster summary for content planning. The official class-specific subject PDF defines exact included units, prescribed texts, practicals and assessment.

Accountancy

CBSE 2026-27 | Senior Secondary

Topic clusters / syllabus map

Accounting concepts and principles; accounting equation; journal and ledger; source documents; subsidiary books; cash book and bank reconciliation; trial balance; depreciation/provisions; financial statements for sole proprietorship; practical problems.

Skills / learning outcomes

Subject-specific conceptual understanding, written answers, numericals/case studies/practicals as applicable.

Open official source https://cbseacademic.nic.in/curriculum_2027.html

Accuracy note

Topic cluster summary for content planning. The official class-specific subject PDF defines exact included units, prescribed texts, practicals and assessment.

Biology

CBSE 2026-27 | Senior Secondary

Topic clusters / syllabus map

Diversity of living organisms; biological classification; plant and animal structure; cell structure and function; biomolecules; cell division; plant physiology; human physiology; practical and observation skills.

Skills / learning outcomes

Subject-specific conceptual understanding, written answers, numericals/case studies/practicals as applicable.

Open official source https://cbseacademic.nic.in/curriculum_2027.html

Accuracy note

Topic cluster summary for content planning. The official class-specific subject PDF defines exact included units, prescribed texts, practicals and assessment.

Business Studies

CBSE 2026-27 | Senior Secondary

Topic clusters / syllabus map

Nature and purpose of business; forms of business organisation; public, private and global enterprises; business services; social responsibility and ethics; company formation; business finance; small business/entrepreneurship; internal and international trade.

Skills / learning outcomes

Subject-specific conceptual understanding, written answers, numericals/case studies/practicals as applicable.

Open official source https://cbseacademic.nic.in/curriculum_2027.html

Accuracy note

Topic cluster summary for content planning. The official class-specific subject PDF defines exact included units, prescribed texts, practicals and assessment.

Chemistry

CBSE 2026-27 | Senior Secondary

Topic clusters / syllabus map

Basic concepts and mole calculations; atomic structure; periodicity; chemical bonding; states of matter where included; thermodynamics; chemical and ionic equilibrium; redox; hydrogen/s-block and selected p-block themes where prescribed; organic chemistry principles; hydrocarbons; practical chemistry.

Skills / learning outcomes

Subject-specific conceptual understanding, written answers, numericals/case studies/practicals as applicable.

Open official source https://cbseacademic.nic.in/curriculum_2027.html

Accuracy note

Topic cluster summary for content planning. The official class-specific subject PDF defines exact included units, prescribed texts, practicals and assessment.

Economics

CBSE 2026-27 | Senior Secondary

Topic clusters / syllabus map

Statistics for economics: data collection, organization, presentation, central tendency, dispersion, correlation/index numbers where prescribed; introductory microeconomics: demand, supply, producer behaviour, market equilibrium and basic economic problems.

Skills / learning outcomes

Subject-specific conceptual understanding, written answers, numericals/case studies/practicals as applicable.

Open official source https://cbseacademic.nic.in/curriculum_2027.html

Accuracy note

Topic cluster summary for content planning. The official class-specific subject PDF defines exact included units, prescribed texts, practicals and assessment.

Physics

CBSE 2026-27 | Senior Secondary

Topic clusters / syllabus map

Physical world/measurement and units; kinematics; laws of motion; work, energy and power; system of particles and rotation; gravitation; mechanical properties of solids/fluids; thermal physics and thermodynamics; kinetic theory; oscillations and waves; practical work.

Skills / learning outcomes

Subject-specific conceptual understanding, written answers, numericals/case studies/practicals as applicable.

Open official source https://cbseacademic.nic.in/curriculum_2027.html

Accuracy note

Topic cluster summary for content planning. The official class-specific subject PDF defines exact included units, prescribed texts, practicals and assessment.

Class 12

MathematicsI

CBSE 2026-27 | Senior Secondary

Topic clusters / syllabus map

Relations and functions; inverse trigonometric functions; matrices and determinants; continuity and differentiability; applications of derivatives; integrals and applications; differential equations; vectors and 3D geometry; linear programming; probability.

Skills / learning outcomes

Subject-specific conceptual understanding, written answers, numericals/case studies/practicals as applicable.

Open official source https://cbseacademic.nic.in/curriculum_2027.html

Accuracy note

Topic cluster summary for content planning. The official class-specific subject PDF defines exact included units, prescribed texts, practicals and assessment.

AccountancyI

CBSE 2026-27 | Senior Secondary

Topic clusters / syllabus map
Accounting for partnership firms; admission/retirement/death/dissolution; company accounts including shares/debentures; financial statements; cash flow statement; accounting ratios and financial statement analysis; project/practical work.

Skills / learning outcomes
Subject-specific conceptual understanding, written answers, numericals/case studies/practicals as applicable.

Open official source https://cbseacademic.nic.in/curriculum_2027.html

Accuracy note
Topic cluster summary for content planning. The official class-specific subject PDF defines exact included units, prescribed texts, practicals and assessment.

BiologyI

CBSE 2026-27 | Senior Secondary

Topic clusters / syllabus map
Reproduction in organisms/plants/humans; reproductive health; inheritance and variation; molecular basis of inheritance; evolution; human health and disease; microbes and human welfare; biotechnology principles/applications; organisms, populations, ecosystems and biodiversity.

Skills / learning outcomes
Subject-specific conceptual understanding, written answers, numericals/case studies/practicals as applicable.

Open official source https://cbseacademic.nic.in/curriculum_2027.html

Accuracy note
Topic cluster summary for content planning. The official class-specific subject PDF defines exact included units, prescribed texts, practicals and assessment.

Business StudiesI

CBSE 2026-27 | Senior Secondary

Topic clusters / syllabus map
Nature/significance of management; principles; business environment; planning, organising, staffing, directing and controlling; financial management; financial markets; marketing management; consumer protection; case-study/application questions.

Skills / learning outcomes
Subject-specific conceptual understanding, written answers, numericals/case studies/practicals as applicable.

Open official source https://cbseacademic.nic.in/curriculum_2027.html

Accuracy note
Topic cluster summary for content planning. The official class-specific subject PDF defines exact included units, prescribed texts, practicals and assessment.

ChemistryI

CBSE 2026-27 | Senior Secondary

Topic clusters / syllabus map
Solutions; electrochemistry; chemical kinetics; d- and f-block elements; coordination compounds; haloalkanes/haloarenes; alcohols/phenols/ethers; aldehydes/ketones/carboxylic acids; amines; biomolecules; practical/investigatory work. Verify included chapters in the current PDF.

Skills / learning outcomes
Subject-specific conceptual understanding, written answers, numericals/case studies/practicals as applicable.

Open official source https://cbseacademic.nic.in/curriculum_2027.html

Accuracy note
Topic cluster summary for content planning. The official class-specific subject PDF defines exact included units, prescribed texts, practicals and assessment.

EconomicsI

CBSE 2026-27 | Senior Secondary

Topic clusters / syllabus map

Macroeconomics: national income, money and banking, income/employment determination, government budget, open economy/external sector; Indian economic development: development experience, reforms, human capital, rural development, employment, infrastructure and environment as prescribed.

Skills / learning outcomes

Subject-specific conceptual understanding, written answers, numericals/case studies/practicals as applicable.

Open official source https://cbseacademic.nic.in/curriculum_2027.html

Accuracy note

Topic cluster summary for content planning. The official class-specific subject PDF defines exact included units, prescribed texts, practicals and assessment.

PhysicsI

CBSE 2026-27 | Senior Secondary

Topic clusters / syllabus map

Electrostatics; capacitance; current electricity; magnetic effects and magnetism; electromagnetic induction and alternating current; electromagnetic waves; ray/wave optics; dual nature of radiation and matter; atoms and nuclei; semiconductor/electronic devices where prescribed; practicals.

Skills / learning outcomes

Subject-specific conceptual understanding, written answers, numericals/case studies/practicals as applicable.

Open official source https://cbseacademic.nic.in/curriculum_2027.html

Accuracy note

Topic cluster summary for content planning. The official class-specific subject PDF defines exact included units, prescribed texts, practicals and assessment.

Classes 11-12

Applied Mathematics

CBSE 2026-27 | Senior Secondary

Topic clusters / syllabus map

Financial mathematics; numbers and numerical applications; algebra; functions and calculus; probability/statistics; descriptive statistics; inferential and business data applications; linear programming and financial decision-making according to the class-specific syllabus.

Skills / learning outcomes

Subject-specific conceptual understanding, written answers, numericals/case studies/practicals as applicable.

Open official source https://cbseacademic.nic.in/curriculum_2027.html

Accuracy note

Topic cluster summary for content planning. The official class-specific subject PDF defines exact included units, prescribed texts, practicals and assessment.

English Core

CBSE 2026-27 | Senior Secondary

Topic clusters / syllabus map

Reading comprehension; creative writing and formal writing; prescribed prose/poetry/drama/fiction; literary interpretation; vocabulary/grammar in context; speaking/listening/internal assessment where specified.

Skills / learning outcomes

Subject-specific conceptual understanding, written answers, numericals/case studies/practicals as applicable.

Open official source https://cbseacademic.nic.in/curriculum_2027.html

Accuracy note

Topic cluster summary for content planning. The official class-specific subject PDF defines exact included units, prescribed texts, practicals and assessment.

Computer Science

CBSE 2026-27 | Senior Secondary

Topic clusters / syllabus map

Computational thinking and programming; Python programming; data types/control/functions; data structures or file handling as prescribed; SQL/relational database concepts; computer systems; networking and cyber safety; project work. Class XII usually has more advanced Python/SQL practicals.

Skills / learning outcomes

Subject-specific conceptual understanding, written answers, numericals/case studies/practicals as applicable.

Open official source https://cbseacademic.nic.in/curriculum_2027.html

Accuracy note

Topic cluster summary for content planning. The official class-specific subject PDF defines exact included units, prescribed texts, practicals and assessment.

Political Science

CBSE 2026-27 | Senior Secondary

Topic clusters / syllabus map

Political theory and concepts; constitutions and institutions; rights, citizenship and democracy; Indian politics; international relations; globalisation, security and contemporary world politics as prescribed.

Skills / learning outcomes

Subject-specific conceptual understanding, written answers, numericals/case studies/practicals as applicable.

Open official source https://cbseacademic.nic.in/curriculum_2027.html

Accuracy note

Topic cluster summary for content planning. The official class-specific subject PDF defines exact included units, prescribed texts, practicals and assessment.

Psychology / Legal Studies / Home Science / Other electives

CBSE 2026-27 | Senior Secondary

Topic clusters / syllabus map

Elective-specific theory, applied case studies, practical/project or portfolio components. Select the exact subject code and class PDF on the CBSE curriculum portal.

Skills / learning outcomes

Subject-specific conceptual understanding, written answers, numericals/case studies/practicals as applicable.

Open official source https://cbseacademic.nic.in/curriculum_2027.html

Accuracy note

Topic cluster summary for content planning. The official class-specific subject PDF defines exact included units, prescribed texts, practicals and assessment.

Geography

CBSE 2026-27 | Senior Secondary

Topic clusters / syllabus map

Physical geography; earth systems, climate, landforms, water and biomes; human geography, population, settlements, resources, agriculture, industry, transport, planning and India-focused geographical analysis; maps/practical work.

Skills / learning outcomes

Subject-specific conceptual understanding, written answers, numericals/case studies/practicals as applicable.

Open official source https://cbseacademic.nic.in/curriculum_2027.html

Accuracy note

Topic cluster summary for content planning. The official class-specific subject PDF defines exact included units, prescribed texts, practicals and assessment.

History

CBSE 2026-27 | Senior Secondary

Topic clusters / syllabus map

Historical sources and interpretation; themes in world/Indian history; chronology and historical change; society, economy, culture, empires, colonialism/nationalism and modern India/world themes as prescribed.

Skills / learning outcomes

Subject-specific conceptual understanding, written answers, numericals/case studies/practicals as applicable.

Open official source https://cbseacademic.nic.in/curriculum_2027.html

Accuracy note

Topic cluster summary for content planning. The official class-specific subject PDF defines exact included units, prescribed texts, practicals and assessment.

Fine Arts / Painting

CBSE 2026-27 | Senior Secondary

Topic clusters / syllabus map

Visual language and elements/principles of art; art history and traditions; drawing/painting techniques; composition and interpretation; practical portfolio; prescribed artists/works differ by course.

Skills / learning outcomes

Subject-specific conceptual understanding, written answers, numericals/case studies/practicals as applicable.

Open official source https://cbseacademic.nic.in/curriculum_2027.html

Accuracy note

Topic cluster summary for content planning. The official class-specific subject PDF defines exact included units, prescribed texts, practicals and assessment.

Physical Education

CBSE 2026-27 | Senior Secondary

Topic clusters / syllabus map

Physical education and sports; fitness/wellness; yoga; biomechanics and physiology; training; psychology in sports; nutrition; testing/measurement; inclusive sports; practicals and activity records.

Skills / learning outcomes

Subject-specific conceptual understanding, written answers, numericals/case studies/practicals as applicable.

Open official source https://cbseacademic.nic.in/curriculum_2027.html

Accuracy note

Topic cluster summary for content planning. The official class-specific subject PDF defines exact included units, prescribed texts, practicals and assessment.

Entrepreneurship

CBSE 2026-27 | Senior Secondary

Topic clusters / syllabus map

Entrepreneurial opportunity and mindset; idea generation; market and business planning; resources and finance; enterprise launch; marketing; growth and business performance; project work according to class-level syllabus.

Skills / learning outcomes

Subject-specific conceptual understanding, written answers, numericals/case studies/practicals as applicable.

Open official source https://cbseacademic.nic.in/curriculum_2027.html

Accuracy note

Topic cluster summary for content planning. The official class-specific subject PDF defines exact included units, prescribed texts, practicals and assessment.

Informatics Practices

CBSE 2026-27 | Senior Secondary

Topic clusters / syllabus map

Data handling with Python libraries; data visualization; database concepts and SQL; computer networks; societal impacts, cybersecurity and data ethics; practical work/project. Exact modules vary by class.

Skills / learning outcomes

Subject-specific conceptual understanding, written answers, numericals/case studies/practicals as applicable.

Open official source https://cbseacademic.nic.in/curriculum_2027.html

Accuracy note

Topic cluster summary for content planning. The official class-specific subject PDF defines exact included units, prescribed texts, practicals and assessment.

Psychology

CBSE 2026-27 | Senior Secondary

Topic clusters / syllabus map

Introduction and methods; human development; sensation/perception; learning, memory and cognition; motivation/emotion; personality; psychological disorders and therapies; attitudes/social cognition; stress, well-being and applied psychology as prescribed.

Skills / learning outcomes

Subject-specific conceptual understanding, written answers, numericals/case studies/practicals as applicable.

Open official source https://cbseacademic.nic.in/curriculum_2027.html

Accuracy note

Topic cluster summary for content planning. The official class-specific subject PDF defines exact included units, prescribed texts, practicals and assessment.

Sociology

CBSE 2026-27 | Senior Secondary

Topic clusters / syllabus map

Sociological concepts and methods; social institutions; culture, socialisation, stratification and inequality; Indian society; demographic structure; social change; development, movements and contemporary social issues.

Skills / learning outcomes

Subject-specific conceptual understanding, written answers, numericals/case studies/practicals as applicable.

Open official source https://cbseacademic.nic.in/curriculum_2027.html

Accuracy note

Topic cluster summary for content planning. The official class-specific subject PDF defines exact included units, prescribed texts, practicals and assessment.

3. School stages, subject combinations and streams

Use these records as selection pathways, not as fixed universal packages. A learner’s actual subjects depend on the board, school, course offering, language options, and any applicable university prerequisites.

Classes 1-2 — Foundational learning

Typical subjects / choices
Languages, Mathematics, integrated World Around Us, art/music/physical development, wellbeing

Implementation notes
Mostly integrated and school-designed; adapt to child's language of instruction and local context.
Open official source https://ncert.nic.in/textbook.php

Classes 3-5 — Preparatory stage

Typical subjects / choices
Languages, Mathematics, The World Around Us/EVS, art education, physical education & wellbeing, vocational/play-based projects; CBSE CT & AI curriculum introduced for Classes III-VIII in 2026

Implementation notes
Exact subjects/textbooks vary by school and curriculum rollout; implement CT & AI from the official grade-wise material.
Open official source https://ncert.nic.in/bridge_programme.php

Classes 6-8 — Middle stage

Typical subjects / choices
Languages; Mathematics; Science; Social Science; Arts; Physical Education & Well-being; vocational education; computational thinking/AI and school-selected skill modules

Implementation notes
New NCERT curriculum and textbooks are being phased in; map exact chapter IDs from selected year's books.
Open official source https://cbseacademic.nic.in/curriculum_2027.html

Class 9 — CBSE secondary (2026-27)

Typical subjects / choices
Languages; Mathematics/Mathematics Advanced; Science/Science Advanced; Social Science; Interdisciplinary Area; Vocational Education; CT & AI modules; Art Education; Physical Education & Well-being; optional subjects

Implementation notes
Use class IX part-1 curriculum and scheme of studies. Current CBSE portal provides language/main/optional subject PDFs.
Open official source https://cbseacademic.nic.in/curriculum_2027.html

Class 10 — CBSE secondary (2026-27)

Typical subjects / choices
Languages; Mathematics; Science; Social Science; academic electives; skill/vocational electives; internal assessment subjects (Health & PE, Work Experience, Art Education)

Implementation notes
Offerings/course codes are school-dependent; follow current class X curriculum exactly.
Open official source https://cbseacademic.nic.in/curriculum_2027.html

Class 11 — Senior secondary — Science

Typical subjects / choices
Common language + selectable electives; common path: Physics, Chemistry, Mathematics and/or Biology, plus Computer Science/IP/PE/other electives

Implementation notes
CBSE does not rigidly define only three streams; school subject combinations and university requirements matter.
Open official source https://cbseacademic.nic.in/curriculum_2027.html

Class 11 — Senior secondary — Commerce

Typical subjects / choices
Common language + Accountancy, Business Studies, Economics; Mathematics/Applied Mathematics, Entrepreneurship, Informatics Practices/Computer Science, PE and other electives as offered

Implementation notes
Subject combinations vary. Validate eligibility rules for target universities/courses.
Open official source https://cbseacademic.nic.in/curriculum_2027.html

Class 11 — Senior secondary — Humanities/Arts

Typical subjects / choices
Common language + History, Geography, Political Science, Economics, Sociology, Psychology, Legal Studies, Home Science, Fine Arts, PE and other electives as offered

Implementation notes
No single fixed humanities package. Offer exact selectable subjects and codes.
Open official source https://cbseacademic.nic.in/curriculum_2027.html

Class 12 — Senior secondary — Science

Typical subjects / choices
Continuation of chosen electives; common combinations include PCM, PCB, PCMB and combinations with Computer Science/IP/PE

Implementation notes
University/competitive-exam prerequisites should be checked separately.
Open official source https://cbseacademic.nic.in/curriculum_2027.html

Class 12 — Senior secondary — Commerce

Typical subjects / choices
Continuation of Accountancy, Business Studies, Economics and chosen Mathematics/Applied Mathematics/CS/IP/other electives

Implementation notes
Map theory, practical/project components and subject codes.
Open official source https://cbseacademic.nic.in/curriculum_2027.html

Class 12 — Senior secondary — Humanities/Arts

Typical subjects / choices
Continuation of chosen humanities/social-science/art electives and language course

Implementation notes
Map prescribed texts, practicals and internal assessment from the exact subject PDF.
Open official source https://cbseacademic.nic.in/curriculum_2027.html

ICSE / ISC — CISCE

Typical subjects / choices
ICSE (Class X) and ISC (Class XII); English plus selectable languages, humanities, sciences, mathematics, commerce, computing, arts and vocational/technical subjects

Implementation notes
Must model ICSE and ISC as separate board stages and store each subject's current-year PDF.
Open official source https://cisce.org/

NIOS — Open schooling

Typical subjects / choices
Secondary and Senior Secondary course subject choices and course material

Implementation notes
Use NIOS's subject codes, course modules and exam scheme instead of copying CBSE chapter IDs.
Open official source https://nios.ac.in/online-course-material.aspx

State boards — State-specific

Typical subjects / choices
Subjects and electives vary; generally language(s), Mathematics, Science/Social Science in secondary grades and stream/subject combinations in higher secondary

Implementation notes
Every board/year/subject needs its own syllabus and chapter identifiers. Do not assume CBSE-equivalence without mapping.
Open official source https://www.education.gov.in/sites/upload_files/mhrd/files/List_School_Boards.pdf

4. Education-board directory

The directory includes national authorities, the NCERT curriculum/textbook resource body, and a representative set of state and regional boards. For a production launch, reconcile this list with the latest Ministry of Education board directory and add any remaining state/UT boards, sub-board authorities, language/medium variants and relevant course tracks.

5. Competitive-exam syllabus maps

The items below are organized by exam and paper/domain. They are useful for designing subject cards and assessment routing. Before a student starts a mock test, validate the current official notification for paper availability, eligibility, precise unit names, omitted topics, question pattern and scoring.

JEE Main

Paper 1 (B.E./B.Tech) — Physics

Scope / eligibility area
Engineering/architecture admission; post-Class 12 eligibility as per annual bulletin

Detailed topic clusters
Units and measurements; kinematics; laws of motion; work, energy and power; rotational motion; gravitation; properties of solids/liquids; thermodynamics; kinetic theory; oscillations and waves; electrostatics; current electricity; magnetic effects and magnetism; electromagnetic induction and AC; electromagnetic waves; optics; dual nature; atoms and nuclei; electronic devices; experimental skills.

Pattern / implementation notes
Computer-based test. Use official 2026 syllabus for precise inclusions and section pattern.
Open official source https://jeemain.nta.nic.in/document/syllabus-2026/

Versioning reminder
Check the latest information bulletin/notification before publishing; syllabus and pattern can change.

Paper 1 (B.E./B.Tech) — Chemistry

Scope / eligibility area
Engineering/architecture admission

Detailed topic clusters
Physical chemistry: basic concepts/mole calculations, atomic structure, chemical bonding, thermodynamics, solutions, equilibrium, redox/electrochemistry and kinetics as listed. Inorganic chemistry: periodicity, p-block, d/f-block, coordination compounds and related prescribed units. Organic chemistry: purification/characterisation, fundamentals, hydrocarbons, halo compounds, oxygen- and nitrogen-containing compounds, biomolecules and practical chemistry.

Pattern / implementation notes
Computer-based test. The exact 2026 topic list and removed/retained units are defined in the official PDF.
Open official source https://jeemain.nta.nic.in/document/syllabus-2026/

Versioning reminder
Check the latest information bulletin/notification before publishing; syllabus and pattern can change.

Paper 1 (B.E./B.Tech) — Mathematics

Scope / eligibility area
Engineering/architecture admission

Detailed topic clusters
Sets, relations and functions; complex numbers and quadratics; matrices and determinants; permutations/combinations; binomial theorem; sequences and series; limits, continuity and differentiability; integral calculus and differential equations; coordinate geometry (lines, circles, conics); 3D geometry; vectors; statistics and probability; trigonometry.

Pattern / implementation notes
Computer-based test. Verify exact unit names and prescribed scope in the 2026 PDF.
Open official source https://jeemain.nta.nic.in/document/syllabus-2026/

Versioning reminder
Check the latest information bulletin/notification before publishing; syllabus and pattern can change.

Paper 2A / Paper 2B — Mathematics, aptitude and drawing/planning

Scope / eligibility area
Architecture/planning pathways

Detailed topic clusters
Paper 2A includes mathematics, aptitude and drawing; Paper 2B includes mathematics, aptitude and planning-based questions. Aptitude includes spatial reasoning, visualisation, design awareness and related topics; exact components depend on paper.

Pattern / implementation notes
Separate paper options and scoring patterns; refer to annual bulletin.
Open official source https://jeemain.nta.nic.in/document/syllabus-2026/

Versioning reminder
Check the latest information bulletin/notification before publishing; syllabus and pattern can change.

JEE Advanced

Paper 1 and Paper 2 — Physics

Scope / eligibility area
Selection for IIT undergraduate programmes

Detailed topic clusters
Mechanics; thermal physics; electricity and magnetism; electromagnetic waves; optics; modern physics; measurement and experimental/physical reasoning where specified. The official syllabus gives precise equations and subtopics.

Pattern / implementation notes
Two compulsory papers, with question formats designed to test depth and multi-concept reasoning.
Open official source https://jeeadv.ac.in/documents/jee-advanced-2026-syllabus.pdf

Versioning reminder
Check the latest information bulletin/notification before publishing; syllabus and pattern can change.

Paper 1 and Paper 2 — Chemistry

Scope / eligibility area
Selection for IIT undergraduate programmes

Detailed topic clusters
General chemistry and stoichiometry; states of matter/gases and liquids; atomic structure; chemical bonding and molecular structure; thermodynamics; equilibrium; electrochemistry/redox; chemical kinetics; solid/liquid solutions and surface-related topics where prescribed; periodicity and inorganic chemistry; coordination chemistry; organic structure, mechanisms and functional groups; practical/qualitative chemistry.

Pattern / implementation notes
Use the official JEE Advanced 2026 syllabus PDF for the authoritative detailed list.
Open official source https://jeeadv.ac.in/documents/jee-advanced-2026-syllabus.pdf

Versioning reminder
Check the latest information bulletin/notification before publishing; syllabus and pattern can change.

Paper 1 and Paper 2 — Mathematics

Scope / eligibility area
Selection for IIT undergraduate programmes

Detailed topic clusters
Sets, relations and functions; algebra; complex numbers; matrices/determinants; permutations/combinations; binomial theorem; sequences/series; trigonometry; coordinate geometry; vectors and 3D geometry; limits/continuity/differentiability; integral calculus/differential equations; probability and statistics.

Pattern / implementation notes
Expect multi-step proofs, calculations and cross-topic reasoning. Verify exact scope in current official PDF.
Open official source https://jeeadv.ac.in/documents/jee-advanced-2026-syllabus.pdf

Versioning reminder
Check the latest information bulletin/notification before publishing; syllabus and pattern can change.

NEET-UG

Single entrance test — Physics

Scope / eligibility area
Undergraduate medical/dental and other notified medical programmes

Detailed topic clusters
Physics and measurement; kinematics; laws of motion; work-energy-power; rotational motion; gravitation; properties of solids/liquids; thermodynamics; kinetic theory; oscillations/waves; electrostatics; current electricity; magnetic effects; magnetism; EMI/AC; electromagnetic waves; optics; dual nature; atoms/nuclei; electronic devices; experimental skills as prescribed.

Pattern / implementation notes
Use the 2026 official syllabus and information bulletin; don't rely on past-year removed-topic lists.
Open official source https://neet.nta.nic.in/document/syllabus-for-neet-ug-2026-examination/

Versioning reminder
Check the latest information bulletin/notification before publishing; syllabus and pattern can change.

Single entrance test — Chemistry

Scope / eligibility area
Undergraduate medical/dental and other notified medical programmes

Detailed topic clusters
Basic concepts and mole calculations; atomic structure; periodicity; chemical bonding; thermodynamics; solutions; equilibrium; redox/electrochemistry; chemical kinetics; inorganic elements and coordination compounds; purification/characterisation; organic principles; hydrocarbons; halo compounds; oxygen/nitrogen compounds; biomolecules; practical chemistry.

Pattern / implementation notes
Official syllabus distinguishes physical, inorganic and organic chemistry; verify every listed unit in the current PDF.
Open official source https://neet.nta.nic.in/document/syllabus-for-neet-ug-2026-examination/

Versioning reminder
Check the latest information bulletin/notification before publishing; syllabus and pattern can change.

Single entrance test — Biology (Botany and Zoology)

Scope / eligibility area
Undergraduate medical/dental and other notified medical programmes

Detailed topic clusters
Diversity of the living world; biological classification; plant and animal structural organisation; cell structure/function; plant physiology; human physiology; reproduction; genetics and evolution; biology and human welfare; biotechnology and its applications; ecology and environment.

Pattern / implementation notes
High emphasis on detailed NCERT-aligned biological concepts, diagrams and factual understanding; current NTA syllabus is controlling.

Open official source https://neet.nta.nic.in/document/syllabus-for-neet-ug-2026-examination/

Versioning reminder
Check the latest information bulletin/notification before publishing; syllabus and pattern can change.

CUET-UG

Language tests — Language / English / Hindi / other offered languages

Scope / eligibility area
Undergraduate admission to participating universities

Detailed topic clusters
Reading comprehension; vocabulary; verbal ability; grammar and language usage; literary/functional reading depending on selected language paper. Subject-code PDFs define precise components.

Pattern / implementation notes
Candidates select permitted subjects according to target university/program rules; not every subject is required by every university.

Open official source https://cuet.nta.nic.in/cuetug-2026-syllabus/

Versioning reminder
Check the latest information bulletin/notification before publishing; syllabus and pattern can change.

Domain-specific papers — Domain subjects

Scope / eligibility area
Undergraduate admission to participating universities

Detailed topic clusters
2026 subject list includes Accountancy/Book-Keeping, Agriculture, Anthropology, Biology/Biotechnology/Biochemistry, Business Studies, Chemistry, Environmental Science, Computer Science/Informatics Practices, Economics, Fine Arts, Geography/Geology, History, Home Science, Knowledge Traditions-Practices in India, Mass Media, Mathematics/Applied Mathematics, Performing Arts, Physical Education, Physics, Political Science, Psychology, Sanskrit, Sociology and additional listed domains.

Pattern / implementation notes
Download each selected subject's official specification from the CUET 2026 syllabus page.

Open official source https://cuet.nta.nic.in/cuetug-2026-syllabus/

Versioning reminder
Check the latest information bulletin/notification before publishing; syllabus and pattern can change.

General Aptitude Test (subject code 501) — General Aptitude

Scope / eligibility area
Undergraduate admission to participating universities

Detailed topic clusters
General knowledge and current affairs; general mental ability; numerical ability; quantitative reasoning; logical and analytical reasoning; application of basic mathematical concepts; problem-solving. Exact wording and coverage should be checked in the current specification.

Pattern / implementation notes
Participating universities decide whether this paper is required.
Open official source https://cuet.nta.nic.in/cuetug-2026-syllabus/

Versioning reminder
Check the latest information bulletin/notification before publishing; syllabus and pattern can change.

UPSC Civil Services Examination

Preliminary Examination — General Studies Paper I

Scope / eligibility area
Recruitment to IAS/IPS/IFS and other notified services; eligibility defined by UPSC

Detailed topic clusters
Current events of national/international importance; Indian history and national movement; Indian/world geography; polity and governance including Constitution, political system, local government, public policy and rights issues; economic and social development; environment, biodiversity and climate; general science.

Pattern / implementation notes
Objective screening paper; marks contribute to screening, not final merit.
Open official source https://upsc.gov.in/examinations

Versioning reminder
Check the latest information bulletin/notification before publishing; syllabus and pattern can change.

Preliminary Examination — General Studies Paper II (CSAT)

Scope / eligibility area
Recruitment to civil services

Detailed topic clusters
Comprehension; interpersonal and communication skills; logical reasoning and analytical ability; decision-making and problem-solving; general mental ability; basic numeracy and data interpretation at the level defined by UPSC.

Pattern / implementation notes
Qualifying paper; check required qualifying score and exact scheme in notification.
Open official source https://upsc.gov.in/examinations

Versioning reminder
Check the latest information bulletin/notification before publishing; syllabus and pattern can change.

Main Examination — Essay and qualifying language papers

Scope / eligibility area
Recruitment to civil services

Detailed topic clusters
Essay writing on multiple topics; qualifying Indian language and English papers covering comprehension, précis, usage and writing. Prescribed qualifying requirements and exemptions are in the notification.

Pattern / implementation notes
Written descriptive examination.
Open official source https://upsc.gov.in/examinations

Versioning reminder
Check the latest information bulletin/notification before publishing; syllabus and pattern can change.

Main Examination — General Studies I-IV

Scope / eligibility area
Recruitment to civil services

Detailed topic clusters
GS I: Indian heritage/culture, history, society and geography. GS II: Constitution, governance, polity, social justice and international relations. GS III: economy, agriculture, science/technology, environment, disaster management, internal security. GS IV: ethics, integrity, aptitude, case studies.

Pattern / implementation notes
Descriptive papers; consult official syllabus and exam notification for complete subtopic phrasing.
Open official source https://upsc.gov.in/examinations

Versioning reminder
Check the latest information bulletin/notification before publishing; syllabus and pattern can change.

Main Examination — Optional subject and interview/personality test

Scope / eligibility area
Recruitment to civil services

Detailed topic clusters
One optional subject with Paper I and Paper II from the UPSC list; optional syllabi are separate by subject. Personality Test assesses suitability, judgement, clarity, awareness and integrity rather than a fixed school-style chapter list.

Pattern / implementation notes
Build optional syllabi as separate subject-specific records, not one generic optional syllabus.
Open official source https://upsc.gov.in/examinations

Versioning reminder
Check the latest information bulletin/notification before publishing; syllabus and pattern can change.

NDA / Naval Academy

Written Examination — Mathematics

Scope / eligibility area
Entry to National Defence Academy/Naval Academy; UPSC eligibility applies

Detailed topic clusters
Algebra; matrices and determinants; trigonometry; analytical geometry of two/three dimensions; differential calculus; integral calculus and differential equations; vector algebra; statistics and probability.

Pattern / implementation notes
Objective paper; marks and duration are in the current notification.
Open official source https://upsc.gov.in/examinations/National%20Defence%20Academy%20and%20Naval%20Academy%20Examination%20%28II%29%2C%202026

Versioning reminder
Check the latest information bulletin/notification before publishing; syllabus and pattern can change.

Written Examination — General Ability Test (GAT) — English

Scope / eligibility area
Entry to National Defence Academy/Naval Academy

Detailed topic clusters
Grammar and usage; vocabulary; comprehension; cohesion and written-language understanding.

Pattern / implementation notes
GAT also contains General Knowledge; verify current paper structure in notification.
Open official source https://upsc.gov.in/examinations/National%20Defence%20Academy%20and%20Naval%20Academy%20Examination%20%28II%29%2C%202026

Versioning reminder
Check the latest information bulletin/notification before publishing; syllabus and pattern can change.

Written Examination — GAT — General Knowledge

Scope / eligibility area
Entry to National Defence Academy/Naval Academy

Detailed topic clusters
Physics; chemistry; general science; history and freedom movement; geography; current events. The official notice allocates indicative weight to broad areas; exact questions can span school-level concepts and current affairs.

Pattern / implementation notes
Written exam is followed by the Services Selection Board (SSB) process for qualifying candidates.
Open official source https://upsc.gov.in/examinations/National%20Defence%20Academy%20and%20Naval%20Academy%20Examination%20%28II%29%2C%202026

Versioning reminder
Check the latest information bulletin/notification before publishing; syllabus and pattern can change.

CDS

Written Examination — English

Scope / eligibility area
Entry to IMA, Indian Naval Academy, Air Force Academy and OTA; eligibility varies by academy

Detailed topic clusters
Vocabulary; grammar and usage; sentence structure; error spotting; comprehension; ordering/arrangement and language reasoning as reflected in official papers.

Pattern / implementation notes
English paper applies to all academy routes; current notification controls marks and duration.
Open official source
https://upsc.gov.in/examinations/Combined%20Defence%20Services%20Examination%20%28II%29%2C%202026

Versioning reminder
Check the latest information bulletin/notification before publishing; syllabus and pattern can change.

Written Examination — General Knowledge

Scope / eligibility area
Entry to IMA, INA, AFA and OTA

Detailed topic clusters
Current affairs; Indian history and national movement; geography; polity and economy; general science; environment and other relevant general knowledge.

Pattern / implementation notes
Objective paper; OTA candidates also sit English and General Knowledge but not Elementary Mathematics.
Open official source
https://upsc.gov.in/examinations/Combined%20Defence%20Services%20Examination%20%28II%29%2C%202026

Versioning reminder
Check the latest information bulletin/notification before publishing; syllabus and pattern can change.

Written Examination — Elementary Mathematics

Scope / eligibility area
Entry to IMA, INA, AFA and OTA

Detailed topic clusters
Arithmetic; number system; algebra; trigonometry; geometry; mensuration; statistics. The syllabus is at the prescribed school level and differs in depth from JEE.

Pattern / implementation notes
Elementary Mathematics is for IMA/INA/AFA routes, not OTA route.
Open official source
https://upsc.gov.in/examinations/Combined%20Defence%20Services%20Examination%20%28II%29%2C%202026

Versioning reminder
Check the latest information bulletin/notification before publishing; syllabus and pattern can change.

SSC CGL

Tier-I / Tier-II as applicable — Quantitative Aptitude / Mathematical Abilities

Scope / eligibility area
Graduate-level recruitment to notified central government posts

Detailed topic clusters
Number systems; arithmetic; percentages, ratio/proportion, averages, interest, profit/loss, discount, partnership, time/work, time/distance; algebra; geometry; mensuration; trigonometry; data interpretation and statistics/probability according to tier.

Pattern / implementation notes
Exact tier-wise scope, computer modules and paper structure are defined by the SSC CGL notification.
Open official source https://ssc.gov.in/

Versioning reminder
Check the latest information bulletin/notification before publishing; syllabus and pattern can change.

Tier-I / Tier-II as applicable — General Intelligence and Reasoning

Scope / eligibility area
Graduate-level recruitment

Detailed topic clusters
Analogy; classification; series; coding-decoding; spatial/visual reasoning; syllogism; statement/conclusion; logical and analytical reasoning; non-verbal reasoning; problem-solving.

Pattern / implementation notes
Question formats and module placement vary by tier/year.
Open official source https://ssc.gov.in/

Versioning reminder
Check the latest information bulletin/notification before publishing; syllabus and pattern can change.

Tier-I / Tier-II as applicable — English Comprehension

Scope / eligibility area
Graduate-level recruitment

Detailed topic clusters
Grammar and usage; vocabulary; synonyms/antonyms; spelling; sentence improvement; error detection; cloze test; comprehension; phrase/idiom usage and sentence rearrangement as prescribed.

Pattern / implementation notes
Use latest SSC notice for precise module and qualifying rules.
Open official source https://ssc.gov.in/

Versioning reminder
Check the latest information bulletin/notification before publishing; syllabus and pattern can change.

Tier-I / Tier-II as applicable — General Awareness

Scope / eligibility area
Graduate-level recruitment

Detailed topic clusters
Current events; history; culture; geography; polity/Constitution; economy; general science and scientific developments; static general knowledge.

Pattern / implementation notes
No single closed textbook list; annual notice defines the broad syllabus.
Open official source https://ssc.gov.in/

Versioning reminder
Check the latest information bulletin/notification before publishing; syllabus and pattern can change.

SSC CHSL

Tier-I / Tier-II as applicable — Reasoning, Quantitative Aptitude, English and General Awareness

Scope / eligibility area
10+2-level recruitment

Detailed topic clusters
Reasoning: analogies, series, classification and logic. Quantitative: arithmetic, algebra, geometry, mensuration, trigonometry and data interpretation. English: comprehension, grammar, vocabulary and usage. General Awareness: current events, history, geography, polity, economy and science.

Pattern / implementation notes
The latest CHSL notification defines tier structure, skill/typing tests and module-wise syllabus.
Open official source https://ssc.gov.in/

Versioning reminder
Check the latest information bulletin/notification before publishing; syllabus and pattern can change.

SSC MTS / Havaldar

Computer-based examination — Numerical and Mathematical Ability

Scope / eligibility area
Recruitment at matriculation level

Detailed topic clusters
Number systems, arithmetic operations, fractions/decimals, percentages, ratio, averages, interest, profit/loss, discount, time/work, time/distance, basic geometry and data interpretation within the current notification's scope.

Pattern / implementation notes
Verify current paper structure and physical tests for Havaldar.
Open official source https://ssc.gov.in/

Versioning reminder
Check the latest information bulletin/notification before publishing; syllabus and pattern can change.

Computer-based examination — Reasoning, General Awareness and English

Scope / eligibility area
Recruitment at matriculation level

Detailed topic clusters
Reasoning/problem solving; general awareness and current affairs; history, geography, polity, economy, culture, science; English vocabulary, grammar and comprehension.

Pattern / implementation notes
Use latest official notice for precise subtopics and marks.
Open official source https://ssc.gov.in/

Versioning reminder
Check the latest information bulletin/notification before publishing; syllabus and pattern can change.

BITSAT

Subject-specific — Overall subject map

Scope / eligibility area
Engineering admissions

Detailed topic clusters
Physics, Chemistry, Mathematics/Biology depending programme; English proficiency and logical reasoning. Use BITSAT's current brochure for exact detailed syllabus and exam design.

Pattern / implementation notes
Future expansion entry; fetch the latest official brochure/syllabus before enabling live mock tests.
Open official source https://www.bitsadmission.com/

Versioning reminder
Check the latest information bulletin/notification before publishing; syllabus and pattern can change.

VITEEE

Subject-specific — Overall subject map

Scope / eligibility area
Engineering admissions

Detailed topic clusters
Physics, Chemistry, Mathematics/Biology, Aptitude and English as per current VIT admission brochure.

Pattern / implementation notes
Future expansion entry; fetch the latest official brochure/syllabus before enabling live mock tests.
Open official source https://viteee.vit.ac.in/

Versioning reminder
Check the latest information bulletin/notification before publishing; syllabus and pattern can change.

COMEDK UGET

Subject-specific — Overall subject map

Scope / eligibility area
Engineering admissions

Detailed topic clusters
Physics, Chemistry and Mathematics aligned to prescribed pre-university/12th topics; details in annual brochure.

Pattern / implementation notes
Future expansion entry; fetch the latest official brochure/syllabus before enabling live mock tests.
Open official source https://www.comedk.org/

Versioning reminder
Check the latest information bulletin/notification before publishing; syllabus and pattern can change.

State CETs (e.g., MHT-CET, KCET, WBJEE, AP/TG EAPCET)

Subject-specific — Overall subject map

Scope / eligibility area
State engineering/medical/allied admissions

Detailed topic clusters
Paper-specific Mathematics/Physics/Chemistry/Biology and state-defined weighting; each state CET has a separate official syllabus and pattern.

Pattern / implementation notes
Future expansion entry; fetch the latest official brochure/syllabus before enabling live mock tests.
Open official source https://cetcell.mahacet.org/

Versioning reminder
Check the latest information bulletin/notification before publishing; syllabus and pattern can change.

CLAT

Subject-specific — Overall subject map

Scope / eligibility area
Law admissions

Detailed topic clusters
English language; current affairs including general knowledge; legal reasoning; logical reasoning; quantitative techniques. Consult consortium's current syllabus/exam pattern.

Pattern / implementation notes
Future expansion entry; fetch the latest official brochure/syllabus before enabling live mock tests.
Open official source https://consortiumofnlus.ac.in/

Versioning reminder
Check the latest information bulletin/notification before publishing; syllabus and pattern can change.

AILET

Subject-specific — Overall subject map

Scope / eligibility area
Law admissions

Detailed topic clusters
English language; current affairs and general knowledge; logical reasoning, as per programme-specific current notification.

Pattern / implementation notes
Future expansion entry; fetch the latest official brochure/syllabus before enabling live mock tests.
Open official source https://nationallawuniversitydelhi.in/

Versioning reminder
Check the latest information bulletin/notification before publishing; syllabus and pattern can change.

NATA

Subject-specific — Overall subject map

Scope / eligibility area
Architecture admissions

Detailed topic clusters
Drawing/visual composition, observation, aesthetic sensitivity, logical reasoning, mathematics and general aptitude as prescribed in the current brochure.

Pattern / implementation notes
Future expansion entry; fetch the latest official brochure/syllabus before enabling live mock tests.
Open official source https://www.nata.in/

Versioning reminder
Check the latest information bulletin/notification before publishing; syllabus and pattern can change.

CAT

Subject-specific — Overall subject map

Scope / eligibility area
MBA admissions

Detailed topic clusters
Verbal ability and reading comprehension; data interpretation and logical reasoning; quantitative aptitude. IIMs publish annual CAT notification.

Pattern / implementation notes
Future expansion entry; fetch the latest official brochure/syllabus before enabling live mock tests.
Open official source https://iimcat.ac.in/

Versioning reminder
Check the latest information bulletin/notification before publishing; syllabus and pattern can change.

GATE

Subject-specific — Overall subject map

Scope / eligibility area
Postgraduate engineering/science admissions and recruitment

Detailed topic clusters
General Aptitude plus subject paper (e.g., CS, AI & Data Science, ECE, Mechanical, Civil, etc.); use the official subject-wise syllabus for each paper.

Pattern / implementation notes
Future expansion entry; fetch the latest official brochure/syllabus before enabling live mock tests.
Open official source https://gate2026.iisc.ac.in/

Versioning reminder
Check the latest information bulletin/notification before publishing; syllabus and pattern can change.

CTET

Subject-specific — Overall subject map

Scope / eligibility area
Teacher eligibility

Detailed topic clusters
Paper I for classes I-V; Paper II for classes VI-VIII. Child development and pedagogy, language I/II, mathematics and environmental studies or subject specialisation.

Pattern / implementation notes
Future expansion entry; fetch the latest official brochure/syllabus before enabling live mock tests.
Open official source https://ctet.nic.in/

Versioning reminder
Check the latest information bulletin/notification before publishing; syllabus and pattern can change.

UGC NET

Subject-specific — Overall subject map

Scope / eligibility area
Assistant professor/JRF eligibility

Detailed topic clusters
Paper I teaching/research aptitude, reasoning, comprehension, data interpretation, ICT, higher education/environment; Paper II subject-specific syllabus.

Pattern / implementation notes
Future expansion entry; fetch the latest official brochure/syllabus before enabling live mock tests.
Open official source https://ugcnet.nta.ac.in/

Versioning reminder
Check the latest information bulletin/notification before publishing; syllabus and pattern can change.

6. Additional examinations to consider

These were identified as suitable future additions for a broader Indian exam-preparation platform. They are planning recommendations and are not represented as detailed official syllabi in this catalog yet.

Engineering

BITSAT; VITEEE; COMEDK; MHT-CET; KCET; WBJEE; AP EAPCET; TG EAPCET.

Action: add the current official notification/syllabus URL, paper sections, subject units, eligibility notes and version date before releasing practice content.

Law

CLAT; AILET.

Action: add the current official notification/syllabus URL, paper sections, subject units, eligibility notes and version date before releasing practice content.

Architecture

NATA.

Action: add the current official notification/syllabus URL, paper sections, subject units, eligibility notes and version date before releasing practice content.

Management

CAT; IPMAT.

Action: add the current official notification/syllabus URL, paper sections, subject units, eligibility notes and version date before releasing practice content.

Higher education / postgraduate

GATE; UGC NET.

Action: add the current official notification/syllabus URL, paper sections, subject units, eligibility notes and version date before releasing practice content.

Teacher eligibility

CTET; applicable state TET examinations.

Action: add the current official notification/syllabus URL, paper sections, subject units, eligibility notes and version date before releasing practice content.

7. Official curriculum and syllabus resources

Use these source records to retrieve current curriculum PDFs, textbooks and exam notifications. Links are clickable in this PDF. Always open and verify the latest publication before treating a topic list as final.

CBSE curriculum 2026-27

Purpose / contents
Official current CBSE curriculum page; includes Class IX, X and XI-XII subject lists and downloadable subject PDFs.

Open official source https://cbseacademic.nic.in/curriculum_2027.html

How to use
Primary source for CBSE 2026-27 IX-XII.

CBSE Skill Education 2026-27

Purpose / contents
Skill education subjects and scheme of studies.

Open official source https://cbseacademic.nic.in/skill-education.html

How to use
Use for current skills and vocational subjects.

CBSE CT & AI announcement / curriculum launch

Purpose / contents
Official Ministry/PIB release about CT & AI curriculum for Classes III-VIII.

Open official source https://dsel.education.gov.in/sites/default/files/update/PIB2247963.pdf

How to use
Topic launch context; fetch the grade-level curriculum assets from the official portal.

NCERT textbooks I-XII

Purpose / contents
Official chapter-by-chapter textbook PDFs.

Open official source https://ncert.nic.in/textbook.php

How to use
Select class, subject and book; use the current edition.

NCERT syllabus index

Purpose / contents
Elementary and secondary/higher secondary syllabus resources.

Open official source https://ncert.nic.in/syllabus.php

How to use
Some pages are legacy; prefer current curriculum/textbooks where both exist.

NCF 2023 framework resources

Purpose / contents
National Curriculum Framework pages and supporting documents.

Open official source https://ncert.nic.in/focus-group.php?ln=en

How to use
Frameworks define learning design, not a single annual board exam syllabus.

NCERT bridge programme

Purpose / contents
Grade 1, 3, 5, 6 and 8 transition/bridge material.

Open official source https://ncert.nic.in/bridge_programme.php

How to use
Useful for new curriculum transitions.

Ministry of Education school-board directory

Purpose / contents
Official list of school boards and their official websites.

Open official source https://www.education.gov.in/sites/upload_files/mhrd/files/List_School_Boards.pdf

How to use
Use to discover other state/UT boards; verify live URL and syllabus session.

CISCE portal

Purpose / contents
Official ICSE/ISC publications and subject syllabi.

Open official source https://cisce.org/

How to use
CISCE yearly syllabus is separate from CBSE.

NIOS course material

Purpose / contents
Official Secondary and Senior Secondary course material.

Open official source https://nios.ac.in/online-course-material.aspx

How to use
Use subject codes and course-specific content.

HBSE 2026-27 syllabus/QPD hub

Purpose / contents
Haryana Board class 9-12 syllabus and question-paper-design resources.

Open official source https://bseh.org.in/question-paper-design-202627

How to use
Relevant Haryana state board source.

JEE Main 2026 syllabus

Purpose / contents
NTA official syllabus page.

Open official source https://jeemain.nta.nic.in/document/syllabus-2026/

How to use
Use exact paper and subject code.

JEE Advanced 2026 syllabus PDF

Purpose / contents
Official JEE Advanced syllabus PDF.

Open official source https://jeeadv.ac.in/documents/jee-advanced-2026-syllabus.pdf

How to use
The page/PDF notes the 2026 syllabus relation to the previous year.

NEET-UG 2026 syllabus

Purpose / contents
NTA official syllabus page.

Open official source https://neet.nta.nic.in/document/syllabus-for-neet-ug-2026-examination/

How to use
Use in combination with the 2026 information bulletin.

CUET-UG 2026 syllabus

Purpose / contents
Official CUET 2026 subject list and specifications.

Open official source https://cuet.nta.nic.in/cuetug-2026-syllabus/

How to use
Each language/domain/GAT paper has a separate detailed specification.

UPSC examination portal

Purpose / contents
Official syllabus/notification routes for Civil Services, NDA, CDS and other exams.

Open official source https://upsc.gov.in/examinations

How to use
Each exam notification contains current pattern and syllabus.

NDA II 2026

Purpose / contents
Official UPSC exam page and notification resources.

Open official source https://upsc.gov.in/examinations/National%20Defence%20Academy%20and%20Naval%20Academy%20Examination%20%28II%29%2C%202026

How to use
Mathematics + General Ability Test, followed by SSB for qualified candidates.

CDS II 2026

Purpose / contents
Official UPSC exam page and notification resources.

Open official source
https://upsc.gov.in/examinations/Combined%20Defence%20Services%20Examination%20%28II%29%2C%202026

How to use
English, GK, and Elementary Mathematics depending on academy route.

SSC portal

Purpose / contents
Official SSC exam notifications and syllabi.

Open official source https://ssc.gov.in/

How to use
CGL, CHSL, MTS and other exams have different tiers and modules.

8. Recommended data structure for LearnQuest AI

Store the syllabus as normalized records rather than one giant text field. The same chapter may appear in different versions, languages, subject codes or boards, so each curriculum record needs a stable identity and source history.

Field	What to store
Board / exam code	CBSE, CISCE-ICSE, HBSE, JEE-MAIN, NEET-UG, etc.
Academic year / exam year	The session or examination year for which the syllabus is valid.
Class / stage / paper	Class 6, Class 12, JEE Paper 1, UPSC Prelims GS-I, etc.
Subject / subject code	Official subject name and code where one is assigned.
Unit → chapter → topic → subtopic	Supports navigation, search, lesson generation and progress tracking.
Learning outcome	What the student should know, explain, calculate, build or demonstrate.
Assessment mapping	Question types, mark weight, practical requirements and mock-test rules if officially defined.
Official source and source version	URL, document title, publication/session, last checked date and version.
Status	Draft, verified against official source, published, deprecated or replaced.

Recommended hierarchy

School: Board → academic year → class → subject → unit → chapter → topic → activity / quiz / assessment

Competitive exam: Exam → exam year → paper / stage → subject / domain → unit → topic → question bank → mock test

Quality checklist before publishing a syllabus

- Match the board, class, subject code, language and academic year exactly.
- Check the official syllabus PDF and current exam notification rather than relying only on old books or coaching notes.
- Record any deleted, added or renamed topics and retain a version history.
- Have a human reviewer verify the syllabus extraction before AI generates lessons, answers or mock tests.
- Mark unofficial practice questions as practice content and never present them as official exam questions.

Document status

Compiled from the LearnQuest AI Master Syllabus Catalog workbook prepared on 27 October 2026. It is designed as a unified reference and curriculum-ingestion guide. For exact, exhaustive chapter-by-chapter coverage across every board and exam, the linked official documents must be imported and verified individually.
